AHF Mission

Educate
We are committed to educating the USC community about university awards and nationally competitive fellowships.

Mentor
We are charged with mentoring motivated students and recent alumni in their pursuit of these opportunities.

Advise
We advise Trustee, Presidential, Mork and Stamps Scholars and guide the Trojan Scholar Society (TSS) student organization to promote a vibrant scholar community.
## AHF in Action

<tbody>
<tr>
<td>Develop and facilitate UGP Signature Events Series including Research and Fellowships Week.</td>
<td>Connect faculty and students for intentional mentor/mentee relationships. Encourage peer-to-peer resource sharing and feedback circles. Assist students with academic and professional goal setting.</td>
<td>Create a pipeline of opportunities. Facilitate campus interview and evaluation processes. Guide the Trojan Scholar Society to promote academic, social, and professional development events for merit scholars.</td>
</tr>

Research at USC

- We are a top-tier research university!
  - In addition to teaching, most USC faculty also conduct research.
  - There are over 70 centers for research at USC.
  - Research is happening in every discipline and through a variety of methods.

- Why do research?
  - Apply knowledge and theory beyond the classroom.
  - Acquire research, critical thinking, and presentation skills.
  - Confirm, add too, or challenge existing theory; discover something new!
  - Cultivate a relationship with a mentor.
  - Prepare for graduate study and career.

Research is an important part of a student’s personal narrative and a major asset when applying for competitive fellowships!
HOW TO

Participate in freshman honors curriculum & foundational coursework.

Use the USC Experts Directory to discover researchers in your field.

Take courses with tenured faculty in a research area of interest.

Attend office hours regularly (not just before exams).

Apply for research funding (Provost, Rose Hills, SURF, SOAR, WISE, etc.)

Explore how research translates internationally through study abroad.
Undergraduate Programs’ Signature Events

Welcome Week Micro-Seminars
Small seminars offered to incoming first-year students to immerse them in a college-level discussion-based workshop on a specialized topic.

Research & Fellowships Week
A series of events highlighting opportunities for research, graduate study, language learning, teaching, & internships in the U.S. & abroad.

Undergraduate Writers’ Conference
A forum to share and discuss original work in small group discussion with peers and compete for prizes in four writing categories.

Undergraduate Symposium for Scholarly & Creative Work
An exhibition of student research & creativity shared in diverse media across five umbrella academic disciplines.
USC Awards

Leonard D. Schaeffer Fellows in Government Service

USC Africa Student Fund

The Queens’ College Cambridge USC Exchange Program

Academic Achievement Award

Warren Bennis Scholars

USC Commencement Honors
USC Scholar Distinctions

Steven & Kathryn Sample Renaissance Scholars
Honors students pursuing major and minor combinations in widely separated fields of study

Discovery Scholars
Honors students engaged in undergraduate research or creative work with faculty guidance

Global Scholars
Honors students who extend their learning by studying, working, or volunteering abroad

Fellowships

Recognize:
» Academic excellence
» Research experience
» Leadership & Service
» Campus / Community Involvement

Reward purposeful outcomes:
» Professional development
» Extensive research portfolio
» Graduate study opportunities
» Develop close mentorship with faculty
» Global experiences: choose your own adventure!
» Financial benefits: they pay YOU!
Fellowship Thematic Categories

**Graduate Study** awards are for applicants interested in pursuing advanced degrees in North America, Asia, or Europe.

**International Exchange** provides opportunities for immersive cultural engagement abroad through teaching, research, study or internship.

**STEM Awards** provide an opportunity for study and/or research in science, technology, engineering, and mathematics.

**Service Oriented** awards emphasize public policy, international affairs, and public service through various avenues of study, research, and internship.

**Language Study** promotes language study and immersion internationally for applicants at varying levels of language proficiency.

**Special Populations** seek applicants from historically underrepresented groups including students of color, high financial need, first-generation, etc.
How To Prepare

1st Year

- Attend annual USC Research Fellowships Week
- Select rigorous academic programs of study
- Maintain high GPA
- Participate in research on/off campus
- Attend office hours and identify faculty mentors
- Take active leadership roles in student orgs
- Attend resume workshops and mock interviews
- Secure summer research funding
- Go on short-term abroad programs
  - Mayesters & Problems Without Passports

2nd Year

3rd Year

4th + Post Grad
